

HEAVY RAIN INC.
DEVIL'S HOLE

I was young and you were old
I was strong and you got gold
Once I said that I was fine'
Cos the gold is your and not mine
But you said: "Show me the way
How to mix the cards and let us play!"
Three years later I was well
And you knew the taste of Hell
You should stay by the angel's soccer
But you loved the Devil's poker...
Yeah

Hey babe, hang on a while
Play no cards and drink no wine
And do no sports at all
Because you'll end in the Devil's Hole!
Hey babe...

Yeah and now we live together
Under red lights burned forever
I don't mind to make some lovin'
But my body's still in a coffin
I see your teeth are golden
Maybe you would like to play Hold'Em...
Yeah

Hey babe, hang on a while
Play no cards and drink no wine
And do no sports at all
Because you'll end in the Devil's Hole!
Hey babe...

I was young and you were old
I was strong and you got gold
Once I said that I was fine
'Cos the gold is your and not mine
Yeah and now we live together
Under red lights burned forever...
Yeah
