

HEAVY RAIN INC.
HOT SHOT

You are a devil
Hot dressed red
You make me confused
You can be so bad

You are an angel
Beautiful in white
You're straight and true
And always right

You are a deamon
From the depths
You are a fairy
From the tales

You are a virgin
When you smile
But you're a great woman
When you na na na...

Devil from heaven
You're devil from heaven
You're devil from heaven
You're devil from heaven

How great does it feel
To hear that voice
Voice of love
Well, the voice of right choice

Well, the blood is hot
And boils in my veins
And your hot shot
Has knocked me on the way

I'm laying on ground
I'm loosing my mind
And your hot shot
It's so loud

Devil from heaven
You're devil from heaven
You're devil from heaven
You're devil from heaven

Devil from heaven
You're devil from heaven

Oh devil, devil, devil ,devil, devil, devil,

devil from heaven
