

HEAVY RAIN INC.  
I AM YOUR MAN

You were young  
And your eyes were on fire  
Your look burned  
And I've always admired  
Your courage  
Your words which calmed  
Worried minds  
Of experienced old

That boy in black  
I know him well  
The mind has changed  
No time for sale

Voice from the dark  
Ask me again  
I'll sign anything  
Worth that pain  
Wanna more souls?  
I am your man  
Let me deserve your eternal flame

Now you've got money  
Power and pride  
But once you have sold  
There's nowhere to hide

That boy in black  
I know him well  
The things have changed  
No soul for sale

Voice from the dark  
Ask me again  
I'll sign anything  
Worth that pain  
Wanna more souls?  
I am your man  
Let me deserve your eternal flame

Voice from the dark  
Ask me again  
I'll sign anything  
Worth that pain  
Wanna more souls?  
I am your man  
Let me deserve your eternal flame
