

HEAVY RAIN INC.
MOVIN' THE BODY

Every night I try to be your
Two naked bodies are movin' on the floor
Movin' my body, gonna move it proud
Movin' my body baby until you scream it out

Lovely darkness rules today
And you've smiled at me to stay
Movin' my body, gonna move it right
Movin' my body baby in the candle light

The neighbors are prayin' for a brake
But you still wanna do the fake
Movin' my body, gonna move it brave
Movin' my body baby I'm your slave

You say you will love me
Also in the days of old
You should better take it slowly
'Cause my soul's already sold
I'm just looking for the pleasure
I don't care for the golden treasure...

I'm just looking for the pleasure
I don't care for the golden treasure...

The sunrise showed it's mighty power
So we've had that dirty shower
Movin' my body, gonna move it quick
Movin' my body baby for a new gig

You say you will love me
Also in the days of old
You should better take it slowly
'Cause my soul's already sold
I'm just looking for the pleasure
I don't care for the golden treasure

I'm just looking for the pleasure
I don't care for the golden treasure
