

HEAVY RAIN INC.
STAY COOL

Red road we walk
Along the shore
Sun has burned our skin
And you feel
Like you can't make two steps more
My heart beats so crazy
And you know how it feels
When people lazy
Are so amazing
When doing such things

At the end of the road
You'll get out of control
Do you feel the pain?
Bleeding caused of stones
Breaking our bones
We will try to find next way
From my memories
Are growin' burning trees
And a lot of sleazy ladies, too
But my eyes were made for you...

Sun is low
And freezes my soul
Shadows grow
And one time more
There's a long way to your door
My heart beats so crazy
And you know how it feels
When people want
But they won't
To do such things

At the end of the road
You'll get out of control
Do you feel the pain?
Bleeding caused of stones
Breaking our bones
We will try to find next way
From my memories
Are growin' burning trees
And a lot of sleazy ladies, too
But my eyes were made for you...
